

3 Provinces Battlefield Trophy 2010

23-27 April 2010

Looking for a weekend with a difference ?
Looking for a challenge with a difference ?

Then join us in **Volkstrust** for the **3 Provinces Battlefield Trophy 2010**

What is the big deal ?

Although a 4x4 is needed, don't fear, this is not a 4x4 challenge, neither is it a time-trail or rally. It is something you haven't done before.

During registration each team will receive a battle number under which they will operate for the duration of the event.

You will need all your navigational skills to follow a predetermined route. You will encounter 4x4 obstacles; you will visit battlefield sites and other interesting places which include a cave, an old railway tunnel and a museum.

Each day will take you along a different route and is expected to be around 120kms to 150kms of 4x4 track, private gravel road and public road.

Along the route there will be pit stops, where teams will have to complete fun and interesting tasks to earn points. These will include questionnaires, 4x4 skill tests, and other fun-filled challenges. For the more adventurous, the optional tasks might earn you bonus points (or at least entertainment for spectators!)

Teams' skill (or lack thereof) and answers will be scored at each of the pit stops.

Be armed with a:

4x4 with low-range

Driver with high-range

Navigator with no-range

A sense of adventure with long-range

Be prepared to do things out of the ordinary!

Don't let the family and kiddies miss out on this!

"Rooibektiptol" Camping Grounds

Prizes will be awarded according to the points earned over the 2 days:

Most points:	1 st Prize & Trophy
Second most:	2 nd Prize
Third most:	3 rd Prize

There will also be other prizes for those who really **deserve** some recognition for their **efforts**.

General information

Majestic peaks, Black eagles soaring above, the cry of jackals at night. For the adventurous and nature lovers. The farm Waterval is situated in the "Versamelberge" (mountains) just outside Volksrust; two and a half-hours drive from Johannesburg. This is where the three Provinces, Kwa-Zulu Natal, Mpumalanga and the Free State actually meet, on top of "Langkrans" (a sheer cliff), 2253 meters above sea level, and where the Black eagles nest. We offer you 4X4 trails, hiking trails, mountain biking, bird watching or just a relaxing weekend set in some of the most scenic places. On the 4X4 trail we accommodate novices to experienced drivers. The trail includes stream crossings, mountainous area, rocky terrain and muddy holes. It covers 32km plus a separate 9km "Wildkamp"- & New "Bobbejaankrans" trail and a map with all GPS co-ordinates are supplied. As an alternative we also do two Battlefield trails, with visits to historical places such as the battle of- "Allemansnek", - "Amajuba" the Tunnel, Cave (need headlights), graves, a museum with a zoo and freshly baked farm bread and a Historian who accompany us. These trails are between 70 and 100 km's. We are proud of our new Mountain Log cabins silently situated in the mountains next to a stream. It is fully equipped with 12V solar power & for self catering. Our campsite is set at the foot of a cliff, with hot water showers. A variety of indigenous shrubs, trees, bird and animal life forms part of this campsite. The Guest units are beautiful with a mountain view and it is suitable for self-catering.
